AN OASIS OF SERENITY AND
Tranquility

A city within a city comprises of elegantly planned neighbourhoods of contemporary green apartments, buildings and houses.

Concept Plan

Green Palms Lahore takes a three-tiered approach towards sustainability and eco-friendliness. Social sustainability is achieved through an abundance of amenities and community outreach programs. Environmental sustainability is maintained through passive and active design strategies. Economic sustainability is facilitated by taking advantage of operational efficiencies and passing on the savings to our residents, in addition to various offerings designed to give back to our community.
